VOLUME XXXIV NO. 37

CROSSFIELD, ALBERTA, CANADA, THURSDAY, AUGUST 8TH, 1940

5 CENTS A COPY

Veterans Volunteer Reserve Province of Alberta

Early in July a call came from Edmonton to the Local Branch of the Canadian Legion B.E.S.L. to accept applications from Veteran soldiers to form a local platoon of the Veterans Volunteer Reserve. The Reserve is established for the purpose of assisting duly constituted police forces in preserving law and order in view of the possibility of subversive action by disloyal elements of the population.

The Canadian Legion through out the Province was asked to undertake the work of organization. Accordingly President Harry May and Secretary Frank Mossop of Crossfield accepted applications to the number of 17 and these have been accepted and the members sworn in. A parade was held recently when C. H. McMillan a veteran with 29 months experience in France with the First Division Artillery, in the First Great War, was nominated Unit Commander of the local Platoon. Eight additional applications have been obtained. The established strength of a platoon is 36 men apart from the Commander and Sergeant, and it is aimed to increase the strength of the Crossfield unit to bring it up to establishment.

The local platoon will likely parade about once a month when light drill may be undertaken to familiarize the Veterans with the new three rank drill now used by the British Army for all ranks.

The new applications will be sworn in at the next parade when further matters of organization will be completed.

A platoon may be organized at Madden in the near future.

Southern Alberta Starts Harvest

New wheat is now being delivered to Southern Alberta points as harvest gets underway. This week should see binders and combines in full swing on the early sown fields.

The first new wheat reached the Ellison Milling Co. elevator in Lethbridge last week. L. Bouek made one delivery that graded No. 1, and O. Lee, south of the city, delivered some spring wheat that graded No. 2, first cutting, running ten bushels to the acre.

South of the city in the heavy wheat growing areas between Sterling and Milk River, combining should start on a large scale this week.

NATIVE SONS AND DAUGHTERS PICNIC

The Crossfield Native Sons and Daughters held their annual picnic at Bowness Park, Calgary, Wednesday August 7th. Although the crowd was smaller than that of previous years, the good weather enabled everybody to enjoy the boating, swimming, miniature golf and dancing. The lunches were pooled at supper time and eaten in the pavilion.

Look at the label on your paper. It tells when your subscription is paid up to.

The "Chief Wolf" Is Their Mascot

When the Hastings and Prince Edward Regiment left Canada they took with them the effigy of a Red Indian chief as their mascot, removed from the roof of a vacant cannery factory in Ontario where they had been stationed since mobilization. The figure, complete with tomahawk, has been placed at the entrance to the regimental dining-room. Nine descendants of Chief Wolf, whom the effigy is said to represent, are serving with the regiment. They are: J. Tracie, K. Bryant, C. Corby, P. Barnhardt, R. Brant, F. Loft, G. Weese, A. Zachariah and D. Hill, photographed with the effigy.

LOCALS

H. N. Jones of Nanton Alberta, is visiting his sons here.

J. Hesketh is holidaying for a few days at Banff.

Miss Pat Deyner of Edson Alta. has accepted a position at the Home Cafe.

Mr. and Mrs. M. N. Jones and son Barry have returned from a holiday at Sylvan Lake.

Miss Violet Currie is spending a few days this week with friends in Elbow Park.

Clarke McMillan is nursing a sprained ankle, quite a handicap, particularly during business hours.

The 15th Light Horse under Command of R. D. Sutherland held their first parade last Thursday.

Miss Verna Pogue, recently of the local Telephone staff, left last week for Saskatoon where she has accepted a position.

A. McMillan has improved the appearance of his residence property with a new cement walk at the front and back entrances.

Who was the young chap that took an electric stove out to camp thinking he could plug it in on the surplus energy.

Carl Becker left Tuesday for Inisfail and other northern points on a 3 months construction program for the Atlas Lumber Co.

Lorne Sharp, Almour Marshall, and George Fleming returned Monday after a three day camping trip out west.

Mr. Ivor Lewis who left here last January for Cardiff Wales is back in Calgary. No doubt he will visit us soon, as he was a resident here for 36 years.

A very nice tea was served at the home of Mrs. Dick Patmore on Tuesday afternoon when she entertained in honor of her sister-in-law Mrs. Freda Edwins of Calgary. Several ladies were present and all had a good time.

R. M. McCool Sales Manager

The appointment of R. M. McCool to the position of Sales Manager on the U. F. A. Calgary, should give the organization a real power behind the sales staff. With 29 years of experience in and out of the organization he will be quite at home forging ahead in the interests of his company.

Born and brought up on a farm and still the operator of his farm at Crossfield, R. M. McCool, whose appointment as Calgary Sales Manager for the U. F. A. Central Co-operative Association is announced by the Board.

Mr. McCool became a member of a U. F. A. Local in the Crossfield district in 1902, and soon took part in co-operative purchasing activities of farm supplies. In 1913 he became secretary of Floral Local (Crossfield) which purchased for five Locals car load lots of fence posts, flour, twine etc., and established a warehouse in the town; developments leading to incorporation of a co-operative general store in 1915 — the Crossfield U. F. A. Co-operative Association.

He served on the Board from 1918 to 1919 when he became manager. Among his responsibilities over a term of years, in addition to management of the successful general store handling groceries, hardware, dry goods, boots and shoes, flour and feed, were shipment of livestock and handling of coal and lumber business for the co-operative, and of a gas and oil machinery agency. For two years he was track buyer for the U. G. G. and agent for the United Grain Growers Securities for hail and fire insurance. He resigned subsequent to his election to the Legislature in 1926, when he resumed service on the Board and later served as President.

In 1935 he went to Edmonton to take charge of the northern district for the U. F. A. Central Co-operative Association, continuing in this position until appointment to the new position in Calgary.

LOCALS

J. Winning and family of Hanna formerly of Crossfield is holidaying at Sylvan Lake.

Rev. and Mrs. Ellison and son returned from Gull Lake Friday last.

Mr. and Mrs. Duke Davis and family left Saturday last to vacation at Pigeon Lake.

Mr. and Mrs. E. Hopkins left last week-end for a vacation visiting relatives in Saskatchewan.

The many friends of C. Assmusen will be glad to see him around again after his recent illness.

Mr. and Mrs. Frank Collicutt were hosts to about 100 friends last Wednesday, when they entertained in the form of an Old Timers' Picnic.

Ted Shrader who resides west of town was thrown from his horse Wednesday and sustained a broken shoulder bone. He was brought to town by Jim Cumming for attention by Dr. Whillans.

Rev. H. V. Ellison, conducted services in the Dog Pound hall on Sunday last. It is intended to have service there every second Sunday from now on. A very encouraging congregation were in attendance last Sunday.

The funeral of the late Frederick Faas was held in the United Church, here on Wednesday August 7th at 2 o'clock. Rev. W. A. Raedeke of Calgary, officiated. He was a resident of Hatton, Sask. The remains was brought here for burial as the family have a plot in the local cemetery.

A picnic and berry picking outing was enjoyed by the following citizens — Mr. and Mrs. Howe McCool, Mr. and Mrs. H. R. Ballam, W. D. McCool and family C. Ferguson, Harold Robinson, Vern Thompson and Beril, Clint Thompson and S. Goodman.

They went out to Lockend west of town where they found the berries plentiful and luscious.

Madden Murmurs

Miss Ane Askow is now visiting at her home in the Madden district. Miss Hazele Havens is visiting relations in Airdrie.

Mr. and Mrs. L. I. Havens are on a fishing trip near High River.

Johnnie Titworth holidayed at Penicton B. C.

Mrs. Rav Havens is now visiting relatives at Vancouver B. C.

Mrs. Carter of Calgary has been a visitor at the home of her sister Mrs. D. B. Farquharson.

Mr. and Mrs. Kenneth Ayer of Aurora, Ill., visited at the home of the latter's uncle. Mr. Fred Ingham last week.

Mr. and Mrs. A. H. Walsh, Loris and Henry Weise spent the 27th and 28th of July in and around Banff.

Mrs. Oscar Swanby and Tommy are now camped at Lake Minnewanka with the formers parents, Mr. and Mrs. Curson of Calgary.

Mrs. and Mrs. Fred Ingham, and Dorothy, Mr. Roy Ingham, Mr. and Mrs. Ken Ayer, Mrs. Ken Mac Rae and Mr. Lawrence Stone spent three days last week motoring over the Banff-Jasper highway.

Mrs. A. J. Cairns and sons of Vancouver returned home after spending a month visiting with her parents Mr. and Mrs. R. Walsh and other relatives in the Madden district.

Mr. Loris Walsh left on Monday with his aunt, Mrs. W. Bray, to spend part of his holidays at her home in Kamloops B. C. From there he will go to Tranquill B. C. where he will visit his uncle, Mr. Bill Goddington.

At The Olds Agriculture School

I was privileged this summer to attend the Olds Agriculture School, short course given by the School Fair. It lasted from July 22, to July 27.

I left on the bus on Monday morning and was met at Olds by one of the school officials.

There were 96 boys and girls in attendance. Upon our arrival we were shown around the grounds, and then the boys and girls were divided into A and B groups.

In the afternoon the daily routine began. The A group of girls took sewing and the B group girls took cooking, and vice-versa.

The boys took carpentry, care of live stock and crocheting. In sewing class the girls made Dutch aprons, while in the carpentry class the boys made tool boxes. Extra classes in Horticulture and Agriculture were conducted.

On Thursday afternoon a field day was held and a boy and girl champion was selected. The morning commenced with physical training classes, and the evenings were concluded in a singsong, moving pictures or a dance. The last evening a concert was held with all the boys and girls making contributions in singing, skits, recitations and pyramid building.

I enjoyed this week (very much) and I am very grateful to the School Fair Committee for having been given this opportunity.

Thursday August 8th, 1940

Many of the countries overrun by the Nazis are beginning to feel the pinch of hunger, and a feeler has been sent out via the Nazi method to see what can be done in the way of having shipped in sufficient food to keep the wolf from the door, so that the German war machine could carry on.

Those under the German heel should rise up and throw off their oppressor if they cannot secure sufficient food. The British blockade is beginning to produce results, and not one ounce of food should be shipped in until the German oppressors are defeated.

Farmers generally in this district are very pleased with the appearance of their crops. Splendid rains from time-to-time have produced a beautiful stand of grain, and if the hail keeps away, this district will harvest a generous crop.

The storage problem is the main topic now with those farmers who have not yet secured sufficient bins to store their grain. Farmers should not depend on the elevator facilities, as their space will be limited, and those who have not already secured their bins should do so before they get into the harvest work. Grain placed temporary on the ground means considerable extra work and a certain loss.

Every kernel of grain should be protected in granaries that can be depended upon to protect it until such time as it is needed. Every bushel will be needed to supply markets that will develop before a great while.

Hospitals For Airplanes

The Department of Munitions and Supply has entered into contracts with firms in various centres throughout Canada to provide overhauling and repair facilities for airplanes used for training and other purposes. After a certain number of hours in the air, planes and engines must be dismantled, repaired and tightened up.

Must Register All Guns By September 15

Every owner of a rifle or shotgun in Canada who has not registered them by September 15 will be liable to a fine not exceeding \$50 or to imprisonment for a period not exceeding 30 days, or to both, according to an amendment to the

Defence of Canada Regulations published in the Canada Gazette.

The registration will be carried out by the Royal Canadian Mounted Police and certificates of registration will be issued to owners, whose possession of such firearms is approved.

Singing Star Enjoys Banff Interlude

Blonde, petite Hope Manning, whose glorious voice is known to millions of radio fans, found peaceful relaxation at Banff in the Canadian Rockies between singing engagements. The Columbia singing star, who is seen here at the famous open-air sulphur pool at the Banff Springs Hotel, traveled through Canada on her way east to St. Louis where she was to start a month with the famous "Muny" Opera. She had just completed an engagement with John Charles Thomas and the Los Angeles Light Opera.

Chief of General Staff

Major-Gen. H. D. G. Crerar, D.S.O., newly named Chief-of-Staff, is here seen at Canadian military headquarters in London.

General Crerar, who is 52, arrived back in Canada only last Friday from London where he has been senior combatant officer at Canadian headquarters.

As Chief of the General Staff he succeeds Maj-Gen. T. V. Anderson, who has been named Inspector-General for Central Canada.

The World of Wheat

By H. G. L. Strange

Many farmers have large plots or small fields of one of the new superior varieties of wheat, or oats or barley, that have recently been made available by plant breeders. Every farmer desires, of course, to produce seed from these plots in as pure a state as possible, to be available for next year's seeding. Here are a few hints which are used by professional seed growers in handling small plots.

Before cutting the crop, clean the binder thoroughly, remove the canvases and pick out heads of wheat and odd kernels from crevices and gears. The men who harvest the plot should clean out their pockets and the cuffs of their trousers to be sure that no odd kernels will fall on the plot. The horses' hoofs too, should be cleaned out.

The bundles from the plot should not be permitted to drop on an adjoining field; they should be stooked on their own stubble, with a good sized clear space left between the seed plot and the main field. The stooks harvested from the seed plot should be well capped.

In my next article I will deal with the precautions taken to ensure purity in the threshing of small crops.

Following factors have tended to raise price: Exportation of wheat and wheat flour from Argen-

tina banned except by special permit—Portugal recently purchased a cargo of Canadian wheat—It is estimated that the Jugo-Slavian wheat-crop will be about sixteen million bushels below home requirements.

Following factors have tended to lower price: It is reported that soy-bean flour is being used in large quantities for feeding the military forces in Germany—it is reported that Japan may have a record wheat crop this year—Searle weekly precipitation report number 15 shows a 7% increase for the three prairie provinces.

WHEN YOU REGISTER YOU GET THIS CERTIFICATE

National Registration is a plan to mobilize and direct our human resources—to assist Canada in the present crisis. When you register you will receive a certificate, convenient for card case or pocket—tangible evidence that you have complied with government regulations. It is not only a record for the Government, it is also for your protection. As such, you will be required to carry this card with you at all times. Its presentation can be demanded at any time by the proper authorities.

DOMINION OF CANADA
NATIONAL REGISTRATION REGULATIONS, 1940
REGISTRATION CERTIFICATE

This certificate must always be carried upon the person of the registrant.

Electoral District No. _____ (Name) _____
Polling Division No. _____ (Name if any) _____

THIS IS TO CERTIFY THAT _____
residing at _____
was duly registered under the above-mentioned Regulations this _____ day of _____ 1940.

Duplicate Register.

EVERYONE CAN HELP—To keep the cost of this registration at a minimum the Government is asking the co-operation of all public-minded citizens in the work of registration. You can help by getting in touch with your local registration officials and offering your services.

WHERE TO REGISTER

Registration offices are being set up by electoral districts in the same manner as in the last Dominion election.

Registrants are required to register in the regular polling subdivisions of their own constituencies. But should a registrant be in some other province or district out of the regular polling subdivision on Registration Days, he or she may register at any registration office convenient, upon satisfactory explanation to the local deputy registrar.

Penalty for Non-Registration—Failure to register will make any male or female, married or single, over the age of 16 years, liable to a fine not exceeding Two hundred dollars, or to imprisonment for a term not exceeding Three months, or to both such fine and imprisonment, and moreover to a further penalty not exceeding Ten dollars for each day, after the day upon which he should have registered, during which he shall continue to be unregistered.

Business Across Canada Marching Ahead

Canadian business establishments added an average of three employees each to their staffs during June, bringing the total number of names on their payrolls to 1,220,791, compared with 1,184,283 the previous month. In June, last year, 1,126,216 persons were employed in the 12,000 firms.

Since the increase was above normal in the experience of other years of the record, the seasonally-adjusted index advanced to 122.3 compared with 120.9 a month before.

A Fascinated King

During a visit to a royal ordnance factory King George VI was fascinated as he peered through a microscope at a bullet. The King's kindly smile failed to change the serious attitude of the lad, one of the youngest workers in the factory, as he pursued his equally serious task.

Allowances Grow With Forces

As the strength of Canada's armed forces increases from day to day, applications for allowances pour into the Dependents' Allowance Board in Ottawa in rising numbers. At present about 1,000 applications a day are being received. About \$2,000,000 are paid out monthly in allowance cheques, about 76,000 in number. Four hundred accountants and clerks are kept busy dealing with these.

How British Keep Their Calm

The following appeared in a London paper: WHAT DO I DO—When I hear a gun, explosions, air-raid warnings—? I keep a cool head. I take cover. I gather my family with me and go quietly to my shelter or refuge room. I do NOT try to have a look. I do NOT rush about alarming people. I remember that a lot of noise is GOOD noise—our guns firing at the enemy. And I remember that the odds are thousands to one of my being hurt.

HELP THE RED CROSS!

Canada Loses a Friend

The Dominion joins with the rest of the Empire in mourning the loss of Mary Countess of Minto, formerly a Lady of the Bedchamber to Queen Mary. Lady Minto is remembered with warm esteem in Canada, where she took an active interest in welfare work throughout the country while her late husband, the fourth Earl of Minto, was Governor-General of Canada. She was particularly interested in district nursing service, an interest which she afterwards showed also in India when Lord Minto was Viceroy. Lady Minto was a Dame of Justice of the Order of St. John of Jerusalem.

BETTER OIL for LESS MONEY

Try DOMINION PENN. 100%
PURE PENN. EMBLEM OIL

Household Hints

Ripe Red Raspberry Jelly

(Makes about 11 medium glasses)

4 cups juice

7 1/2 cups sugar

1 bottle fruit pectin

To prepare juice, crush thoroughly or grind about 3 quarts tully ripe raspberries. Place in jelly cloth or bag and squeeze out juice.

Measure sugar and juice into large saucepan and mix.

Bring to a boil over hottest fire and at once add bottled fruit pectin, stirring constantly. Then bring to a full rolling boil and boil hard 1-2 minute.

Remove from fire, skim, pour quickly. Paraffin hot jelly at once.

To improve the flavor and texture of chicken used in salads, let the cooked meat stand an hour or so in the broth. Then cut the chicken into small pieces — don't mince or chop it. Thin the salad dressing with a little of the chicken stock.

Baking dishes or pans should have at least one inch of clearance from the oven walls to permit free circulation of heater air when more than one food is baked at one time. Pans should be spaced to insure even baking and browning on all sides.

The liquid in which fruits and vegetables are canned is the juice of the food or water to which salt or sugar may or may not have been added. Because some of the mineral salts, carbohydrates and vitamins are dissolved in this liquid, it can always be used in preparing desserts or for soup stock, and should never be thrown away.

A sandwich filling combination which when well seasoned always meets with approval is the popular egg salad. Extra flavor is easy, with a portion of chopped or sliced olives added to the more usual onion and pimiento. Add mayonnaise to an egg and olive mixture, salt and pepper to taste and, optionally, a few drops of tobacco sauce.

Store salad oil in a dry, cold place. Keep coffee, tea, sugar, spices, soda, baking powder, cream of tartar and cereals tightly covered in a dry, dark place.

When serving lettuce, be sure that no water is on the leaves when French dressing is added. The water will spoil the dressing and the oil will not adhere to the lettuce. Do not put dressing on lettuce it is to be served.
